

**Learning Effectiveness:** Online learning outcomes meet or exceed institutional, industry, and/or community standards.

**Scale:** Institutions continuously improve services while reducing cost to achieve capacity enrollment.

**Access:** All learners who wish to learn online have the opportunity and can achieve success.

**Faculty Satisfaction:** Faculty achieve success with teaching online, citing appreciation and happiness.

**Student Satisfaction:** Students are successful in learning online and are pleased with their experience.

As technology introduces new possibilities, the effective practices collection is a collaborative work in progress. Educators share emerging knowledge and advance it, and Sloan-C recognizes excellence, awarding practices that meet these criteria:
